Image missing or type unknown

Price: €260,000
Bedrooms: 2
Bathrooms: 2
M2 Living: 88²
M2 Plot: -
M2 Terrace: -
Address: Benalmadena, Málaga

Carvajal area offers a relaxed environment to enjoy walking all year round in addition to being one of the most well-known beaches that have beach bars like La Cubana or El Kalifato and bars with amazing views like the Geko and famous restaurants like Los Marinos.

With the advantage of having a bus stop almost at the door and a commuter train stop (with the reputation of being the most punctual), to be able to go without need to move the car to Fuengirola, Arroyo de la Miel, Torremolinos, Malaga or the Airport.

Located on the fifth floor of the building, this apartment has an elevator to access from the garage floor. We enter and from the left side we find the newly furnished kitchen completely with good quality. It is open to the living room so you can enjoy the views even while you cook, can you imagine cooking or preparing breakfast looking at the sea?

We went to the dining room from which we continue enjoying the magnificent views and went to our incredible panoramic terrace with fabulous views of the sea and the beach of Carvajal, with enough space to put everything you want in it, (dining area, BBQ, hammocks, chillout area ...) you have space to take your creativity and design your dreams's terrace.

To the right, we find the corridor through which we access the two bedrooms and the two large bathrooms, one of them en suite.

Both bedrooms have wardrobes, and makes them special, you can go out to the terrace from both! For absolute comfort you have a huge storage room with the size of a room on the same floor of the apartment which makes it a more useful space and almost one more room in the house.

The parking space is wide and comfortable access.

You have to see it to believe it! Do not think about it, call me now. I will love to show you.
